Lead Square
WADI RAHMA

The Legacy

“Lead Square Wadi Rahma championed in Orphanage Fest organized by Orphanage Control Board for twenty consecutive years”

The legacy of Wadi Rahma precisely presented in a single statement. But living in the glory of the past is an injustice to the very ethos of the architects of this noble institution.

At Wadi Rahma the pursuit to excellence has been the saga since the inception of the institutions.

Leading the Future

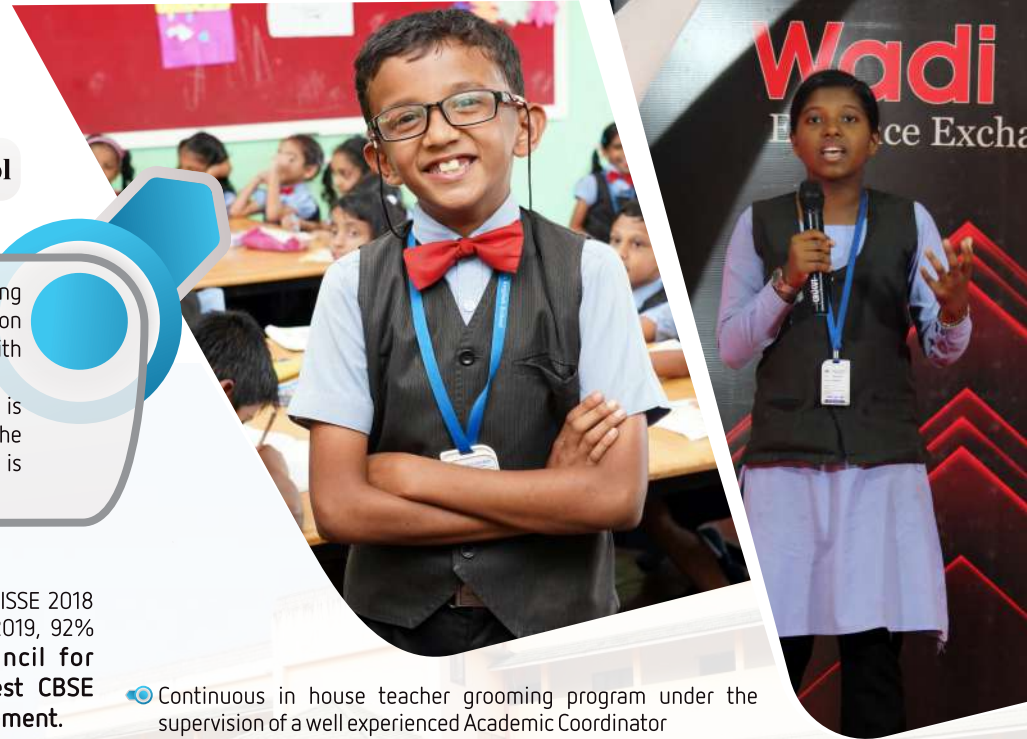

Now, listening to the call of time, Wadi Rahma is igniting yet another educational revolution. The project entitled as **Lead Square** is designed to prepare a generation of leaders and scholars educated from the premium institutes in India and abroad, who live and inspire others for a morally upright socially conscious life and there by contribute to build a better world. Special emphasis is given for the empowerment of orphan and destitute students with exclusive remediation programs designed for catering their unique needs. A governing body of educationists & entrepreneurs is administering and monitoring the projects with the guidance from Dr. Azad Chalikkuzhy, an internationally acclaimed project consultant. A project team is working 24*7 for realizing the ambitious project.

Wadi Rahma English School

It was established with the objective of providing quality and accessible English education. The School soon became a resonating name in the realm of education with its unique blend of values with knowledge.

Now as part of the Lead Square Project, Wadi Rahma is destined to be the frontline international school in the country. The transformation is on the go and change is visible in every domain.

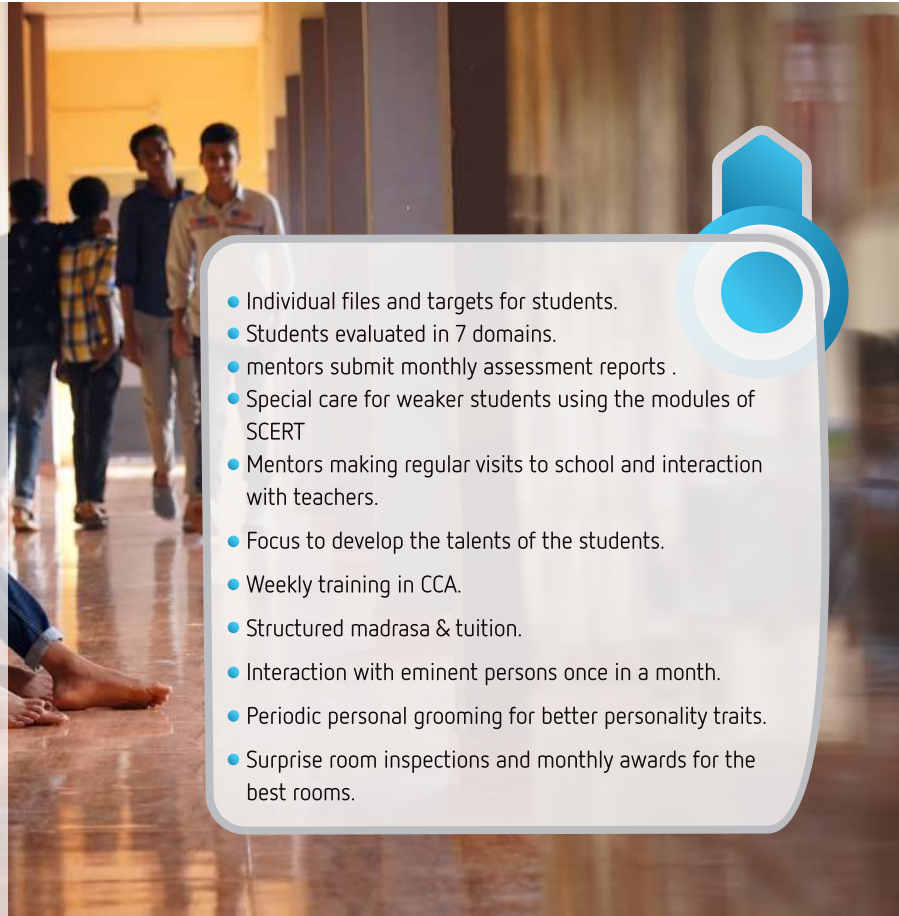

- 19 AISSE batches passed out with glorious results. AISSE 2018 89% students passed with distinction and AISSE 2019, 92% students passed with distinction. **Vidya Council for Education crowned Wadi Rahma as the best CBSE secondary school in terms of scholastic achievement.**
- Scholastic Achievement Plan and individual file for every student above grade 3.
- An efficient value education department with experienced faculties, laying solid value foundation in the students.
- Continuous in house teacher grooming program under the supervision of a well experienced Academic Coordinator
- CCA activities including robotics under expert trainers once in a week
- Safe and secure residential campus of 16 acres on a serene plateau.

Lead Square Hostel

Erstwhile Al Islah Orphanage is rebranded as Lead Square Wadi Rahma, symbolizing our vision and mission. More than just a hostel, the aura of Lead Square is designed to nurture the leaders of tomorrow. A team of highly qualified mentors led by a seasoned educationist and trainer is molding the students par excellence. 100% scholarship is provided for orphan and destitute students

- Meet with Scholar & My Inspiring Story - events with eminent personalities
- Entrepreneurship development activities.
- Institutional visits and Action Research.
- Value education.
- Scholastic achievement plan and individual files for each student.

Wadi Montessori

Wadi Montessori has created an identity as one of the best child friendly schools in the region with high quality holistic education which instills emotional integration with social responsibility.

- Value-driven education is the most distinguishing feature of Wadi Montessori. Beyond the letters and numbers, the children are taught about good life lessons.
- Each classroom is a beautifully crafted environment designed to meet the appropriate needs of children. We impart experiential learning in this type of classroom which lead to a deeper understanding of language, mathematics, science, music, social interactions and much more.
- Children learn an additional language-Arabic, along with values and moral education. Every material in our Montessori classroom supports an aspect of child development, creating a match between the child's natural interests and the available activities
- We encourage and promote the child to gain these traits: concentration, order, coordination and independence. Learning is a "hands-on" and activity based approach that emphasizes concrete learning with self-correcting materials.
- Compared to various other forms of traditional education, our graduates often score higher than their public and private school peers in all aspects of development.
